

ADDING A SLIDESHOW TO YOUR KINTERA HOME PAGE

NOTE: We cannot answer support questions on third-party vendors such as slide.com or photobucket.com. However, if you need help loading the slideshow into your Kintera site, contact the Help Desk at <http://support.arthritis.org> .

Although slideshow editors such as photobucket.com and slide.com work differently, they generally follow the same creation steps. (The screenshots below are from slide.com).

1. Upload photos to the Editor
2. Arrange photos, fix photos
3. Add transitions and/or special effects
4. Save the slideshow

After you've created your slideshow, **most editors will generate the HTML code you need to add the slideshow to your web pages.** Follow these steps:

STEP 1: Copy the HTML code from the slideshow editor. It will look something like this:

```
<p style="visibility:visible;"><object type="application/x-shockwave-flash" data="http://widget-70.slide.com/widgets/slideticker.swf" height="320" width="426" style="width:426px;height:320px"><param name="movie" value="http://widget-70.slide.com/widgets/slideticker.swf" /><param name="quality" value="high" /><param name="scale" value="noscale" /><param name="salign" value="l" /><param name="wmode" value="transparent"/> <param name="flashvars" value="cy=ms&il=1&channel=3026418949600963184&site=widget-70.slide.com"/></object><p style="white-space:nowrap"><a href="http://www.slide.com/pivot?cy=ms&at=un&id=3026418949600963184&map=1" target="_blank"></a> <a href="http://www.slide.com/pivot?cy=ms&at=un&id=3026418949600963184&map=2" target="_blank"></a> <a href="http://www.slide.com/pivot?cy=ms&at=un&id=3026418949600963184&map=F" target="_blank"></a></p></p>
```

1. CREATE SLIDE SHOW

2. SAVE SLIDE SHOW

3. SHARE SLIDE SHOW

STEP ONE: Create your slideshow and it will generate the HTML code you need to copy and paste into your website. Copy the code and return to your Kintera site.

[Add to MySpace!](#)

or copy this code (click on the textbox below and press Ctrl+C):

```
<p style="visibility:visible;"><object type="application/x-shockwave-flash" data="http://widget-70.slide.com/widgets/slideticker.swf" height="320" width="426" style="width:426px;height:320px"><param name="movie" value="http://widget-70.slide.com/widgets/slideticker.swf" /><param name="quality" value="high" /></p>
```

and use these instructions for:

Step 1. Copy the code from the box above.

Step 2. On your MySpace, click "Edit Profile" from the "Profile" dropdown.

STEP 2: Log in to Kintera and navigate to the Website Info/Website Creation Checklist area. Click on the Front Page Customization link. In the Body Text area at the bottom, paste the HTML code at the BEGINNING of the body text. TAKE EXTRA CARE NOT TO OVERWRITE ANY EXISTING HTML CODE. It's a good idea to insert a few blank spaces above the existing code before you paste in the slideshow code.

Save your changes and return to the Event Website Creation Checklist area and click on the UPDATE YOUR EVENT NOW (green) button.
