

## **Jingle Bell Run/Walk 10k/5k**

December 13, 2014

9:00am

### **Course description**

Start/finish – On the Lakefront Trail gravel running path, just north of Fullerton along Cannon Dr. (approximately 2450 North)

The 10k will start at 9:00am. The 5k will start at 9:10am. This will help with congestion on the path. The routes split shortly after the start of the race, so it will also help avoid confusion at the 10k/5k split.

5k course – The 5k course will start north. Just south of Diversey, they will turn east and then south going around Diversey Harbor. They will turn and continue south through the Fullerton underpass. They will continue south on path and then sidewalk (along Cannon Dr) until turning east back onto the running path (just north of the southern tip of the South Lagoon) and head north. They will continue north, back through the Fullerton underpass, onto a sidewalk that parallels the parking lots/Diversey Harbor. Just south of Diversey, they will turn west back onto the running trail and run south to the finish line.

10k course – The 10k course will run north along the running trail. They will go under Lake Shore Dr at the Barry underpass, and continue north on the running trail. They will pass Belmont, Addison and Irving Park. Before Montrose, they will turn east and go through the Montrose underpass. They will head east and north around Cricket Hill and do a loop around the hill. Coming back south, they will turn west and go back through the Montrose underpass. They will continue south on the path, following the same route. They will go back through the Barry underpass and continue south to the finish line.

Finish – Same spot as the start.
