

BOARD MEMBER BIO

Bruce Wright

Northeast Branch Advisory Board

Bruce Wright has been involved with the Indiana Chapter of the Arthritis Foundation for over 20 years. He has served on the Northeast Branch Advisory Board (Fort Wayne) since 1986 and been a member of the State Board since 1991. He also sits on the Finance Committee and is a past Vice Chairman for the Board.

Bruce's involvement with the Arthritis Foundation comes from a very personal experience. A near decision to leave the Board many years ago was halted by the branch's junior ambassador, a "wonderful young lady who died from complications with Lupus and her weakened immune system at the time. Her situation made me realize how serious this disease is and remains my motivation to continue to serve on the Arthritis Foundation Board of Directors." Bruce believes arthritis research is important because the drugs and treatments developed through research have made great progress in the quality of life for people affected by arthritis.

Bruce is currently the Senior Vice President and Regional Retail Manager for Lake City Bank. He lives in Fort Wayne with his wife Janice of 24 years. Their daughter Sarah is a junior at Carroll High School and his son John is a junior at Samford University.
