Department of Health & Human Services

### The NIH Pediatric Rheumatology Clinic

Patients can be referred to the NIH Pediatric Rheumatology Clinic by their pediatrician, pediatric rheumatologist, or other health care provider. The clinic sees patients without discrimination on the basis of race, religion, ethnic group, citizenship, or residence. The clinic can provide translation services for patients and families who do not speak English. Each protocol or clinical study has specific rules about who can be enrolled. Any patient meeting the criteria is eligible for enrollment.

### The Clinic is located at:

The National Institutes of Health  
Warren Grant Magnuson Clinical Center  
9000 Rockville Pike  
10 Center Drive  
Building 10, Outpatient 13  
Bethesda, MD 20892

For more information, call the National Institute of Arthritis and Musculoskeletal and Skin Diseases Information Clearinghouse: 301-495-4484 (direct) or 877-22-NIAMS (226-4267) (free of charge).

To find out if your child is eligible for a clinical study, call the NIH Patient Recruitment Office at 1-800-411-1222 (TTY 1-866-411-1010).
