

While it is not the policy of the Arthritis Foundation, Rocky Mountain Chapter, to refer a patient to any one physician, the following list of physicians are rheumatologists in our chapter area. Rheumatologists are doctors who specialize in the diagnosis and treatment of arthritis and related disorders of the joints, muscles, and bones. The chapter is not able to evaluate the professional qualification and competence of individual physicians. Inclusion of a particular physician on this list should not be interpreted as a representation of competency or endorsement.

It should be pointed out that, in addition to the physicians listed, there may be others in your respective areas that can treat arthritis and rheumatic diseases.

THE ROCKY MOUNTAIN CHAPTER IS PLEASED TO SERVE PATIENTS BY PROVIDING THE NAMES OF THESE SPECIALISTS, AND WE WOULD APPRECIATE YOUR LETTING THE DOCTORS KNOW THAT YOU LEARNED ABOUT HIM/HER THROUGH THE ARTHRITIS FOUNDATION.

It is suggestion that you inquire about the schedule of fees for services rendered when you make your first call to a new physician. Some do not accept patients on Medicaid or Medicare, and it is important for you to know this if you are eligible for these benefits.

Also, since some insurance plans restrict coverage to certain physicians, you will need to contact your insurance carrier to determine if you are eligible for care by specific physicians on this referral list.
