

# SMART Goal Contract

Now that you've identified your SMART goal and created your action plan for achieving it, it's time to make a promise to yourself that you're actually going for it.

I, \_\_\_\_\_ (your name), will stick to the SMART goal I created using the goal-setting worksheet.

**My SMART goal states:**

---

---

---

I will also refer to my SMART goal action plan to remind myself of the steps I need to take, the health and life obstacles I may encounter and how I'll overcome them, the people I can ask for help, and the milestones I plan on hitting on the way to reaching my goal.
