

**WALK  
to CURE  
ARTHRITIS**

With only 10 weeks to go until the Walk to Cure Arthritis, it's time to take our fundraising to the next level. Are you up to the challenge? Do you feel lucky?

### Here's How it Works:

**For every \$100 in donations you receive online today through Sunday, April 2, you will be entered to win (2) tickets to the Tuesday, April 25 performance of Hamilton at the Private Bank Theater in Chicago!** Donations of all sizes count and the deadline for qualifying donations is midnight April 2. For example, if you raise \$100 you'll receive one entry, if you raise \$1,000 you'll receive 10 entries.

### Three Quick Tips to Maximize Your Efforts

1. Ask everyone. Widen your circle of donors beyond your immediate family. Never miss an opportunity to tell someone about your fundraising efforts for the Walk to Cure Arthritis. The #1 reason why people donate is simply because they were asked.
2. Donate to yourself. By making a donation to yourself on your personal web page, you're demonstrating your commitment and inspiring friends and family to give as well.
3. Personalize your requests. When you ask people to donate, tell them your story and why it's important to you to support the Walk to Cure Arthritis. Whether you're sending emails, sharing on Facebook or asking in person, when you connect with donors on a personal level, they feel more compelled to give.

Your fundraising dollars help fight and cure the nation's number one cause of disability. Through your fundraising, you're helping millions of people who live with arthritis pain through programs and services and by funding research to end this crippling disease. Don't miss your shot to help others and to receive a chance at (2) Hamilton tickets!
