

Join us for a JA Symposium and Walk to Cure Arthritis Kickoff at Union Station!

JA Symposium/Walk to Cure Arthritis Kickoff Union Station—Arthur Stilwell Room Saturday, February 21 9 a.m. to 12 p.m.

Sponsored by:

We hope that you will join the Arthritis Foundation as we host the first ever Juvenile Arthritis symposium and Walk to Cure Arthritis Kickoff in Kansas City!

The symposium will feature a variety of speakers to present on various topics that you find interesting as a parent of a child with JA. Topics may include **nutrition, exercise/ sports safety, advances in JA medication**, and more! This symposium is for all parents of children with JA and anyone interested in the Walk to Cure Arthritis.

While parents attend the symposium, Arthritis Foundation staff and volunteers will take all the children in attendance through the Xtreme Bugs exhibit and Science City! Learn more about Xtreme Bugs and Science City at www.unionstation.org

This program is free (including Xtreme Bugs & Science City tickets) to all who attend thanks to a generous grant provided by the Baptist Trinity Lutheran Legacy Foundation.

Pre-registration is required! For more information and to register, visit <http://bit.ly/JASymposium> call **913-262-2233** or email bperry@arthritis.org
