Join Our November Challenge: All team captains who raise a collective total of \$500 or more – through registrations and/or donations – during the month of November are automatically eligible to win a brand new **Amazon Echo, which has a retail value of \$179.99**. We'll give prizes to a total of three captains, with the other prizes being gift cards to great places like Fleet Feet. The Amazon Echo won't necessarily go to the captain who raises the most money; all captains who raise \$500 or more in November have an equal chance of winning it.
