

Help Relieve the Pain of Juvenile Arthritis

Massage Envy Spa is Proud to Give Away 20 Three-Month Massage Memberships for Children with Juvenile Arthritis and Their Caregivers

As a proud partner of the Arthritis Foundation, Massage Envy Spa knows about the pain experienced by children who have juvenile arthritis, and the challenges faced by their dedicated caregivers.

To help, Massage Envy Spa is giving 10 children with juvenile arthritis a chance to win a three-month massage membership for both themselves and their caregivers. We will be awarding a total of 20 memberships: 10 for children, and 10 for caregivers.

A professional massage can help a child with juvenile arthritis feel more like a kid again. It can improve joint movement, relax tense muscles, and stimulate the flow of blood. Massages also reduce the pain and stress levels that accompany arthritis at any age.

If you know a child with juvenile arthritis or a caregiver, please share this flyer and let them know about the opportunity to win a massage membership at Massage Envy Spa.

Email Us For A Chance To Win!

To enter the contest, complete the following two statements, and then email both completed statements to messageenvy4juvenilearthritis@gmail.com.

Please be sure to include your **name, phone number and an email address** where we can reach you. All emailed entries must be received by September 15, 2015.

For children:

Sometimes my juvenile arthritis makes things like (ex: playing with Legos; swimming; bike-riding) hard to do, but with the help of massages from Massage Envy Spa I will be able to say YES to (ex: building a Lego castle).

For caretakers:

Despite my juvenile arthritis, my mother/father/caretaker/coach/teacher/etc. helps me to say YES to (ex: driving; cooking; gardening) and deserves a membership to Massage Envy Spa because (ex: they deserve it!).

See your local Massage Envy Spa for more details. Offer valid in Massachusetts, New Hampshire, and Maine.

Minors Policy

1. This policy will not supersede any state or local regulations that concern the provision of massage and esthetic services to minors. As the franchisee, you must understand and communicate, to all clinic employees, any state or city regulations that regard the provision of massage and esthetic services to minors.
2. Massage Envy Spa does not provide massage services to minors under the age of eight (8).
3. Massage Envy Spa does not provide facial services to minors under the age of twelve (12), unless the parent or guardian provides a physician's note documenting the need for the service. A copy of that note shall be kept in the minor's file. It is the responsibility of the esthetician to determine the appropriate facial protocol for the minor, keeping in mind the strength of the Murad® products used.
4. A parent/guardian of any child under 18 must provide written permission via the Minor Parental Permission Form prior to the minor receiving either a massage or facial service. The

form must be signed and dated by the parent/guardian in the presence of a Massage Envy Spa staff member, and the staff member observing the completion of the form must also sign and date the form.

5. Children ages 8-14 must be accompanied by a parent/guardian at all times while in the clinic. The parent/guardian must either be seated in the room throughout the entire service session while the minor is receiving his/her service or receiving a service in the same room (in the Couple's Room).
6. We highly recommend that minors be scheduled with the same gender therapist.
7. Enhanced Therapies use products that are designed for adult strength therapies. In the best interests of our members and guests, we exclude facilitation of these services with anyone under the age of 18. As always, we take the most conservative approach possible when determining precautions and contraindications regarding therapeutic services.
