

Kids Get Arthritis Too!

2019 Rheumatology Family Connections and JA Day

Sunday, April 28, 2019 – 9:30 a.m. – 2:00 p.m.

Glen Echo Park – 7300 MacArthur Blvd, Glen Echo, MD

The Arthritis Foundation is excited to team up with Children's National Health System for this great experience for children with Juvenile Arthritis (JA) and other rheumatic diseases, their parents, caregivers and siblings. Join us for educational and networking sessions for parents/caregivers plus additional fund programming for children and teens!

The greatest benefit of this program is getting to meet and network with other families who are affected by these conditions. It's a place to exchange ideas, give and receive encouragement, make new friends and know you're not alone.

Breakfast and lunch will be provided – Contact: Karen Rarog at

krarog@arthritis.org

Registration is \$1 per person. All attendees must be registered.

Register your family to attend:
