**Our November Challenge is simple:** All team captains who raise a collective total of \$500 or more – through registrations and/or donations – during the month of November are automatically eligible to win a **Garmin Forerunner 235, which has a retail value of \$329!** We'll give prizes to a total of three captains, with the other prizes being gift cards to great places like Dick's Sporting Goods. The Garmin Forerunner won't necessarily go to the captain who raises the most money; all captains who raise \$500 or more in November have an equal chance of winning it.
