

Jingle Bell Run Packet Pickup Process

A Change to how you receive your Bib Number and Packet

In the past, race participants were given a bib number at their packet pickup location and the bib number was recorded into the race system by whoever gave them their packet upon pickup. To improve the race experience for all, the Jingle Bell Run team at the Arthritis Foundation has decided to pre assign bib numbers and seal the bib into an envelope with your safety pins and any other pertinent event information. Pre assigning bib numbers necessitates a more efficient packet pickup process that is slightly different than the process we've used in the past (outlined below). Please direct any questions you may have to Rochelle Bailey, Jingle Bell Run Event Coordinator, by sending an email to rbailey@arthritis.org or 614-503-5592.

Green- Deadline

Blue- Packet Pickup Date

Team Packet Pickup

All teams who raise \$3,500 or more by **November 19, 2015** are eligible for hand-delivery of team members' packets to team captain (or other designated team member) by Jingle Bell Run Event Director on **November 23-24, 2015**. All team members must be registered on or before **November 19, 2015** to be included in this delivery. Any team members who register after that deadline are responsible for picking up their own packet.
