

Partners 4 Patients With Arthritis

A Powerful Partnership to Improve Patient Outcomes

An Invitation to Improve Patient Outcomes

As a member of a practice that's dedicated to people with arthritis, you know the disease requires more than excellent medical care. **That's why we're** attacking arthritis with deeper collaboration, communication and innovation to improve patient outcomes.

Partners 4 Patients With Arthritis is a unique collaboration between the Arthritis Foundation and health care practices that provide the gold standard in arthritis care. By working together, we will improve patients' physical, emotional and social health, as well as their experience of care.

Here's how our partnership can benefit your practice and patients:

More Time to Focus on Patient Care

We'll support your patients between visits, decreasing office calls and administrative tasks.

More Insights on the Patient Population

We'll share our patientreported outcomes to address trends together.

More Educated and Engaged Patients

We'll help prepare your patients for more productive and efficient office appointments.

More Visibility that Elevates Your Commitment to Care

We'll recognize your leadership within the patient and medical communities.
