

**Craig Berkeley, CPA
2013 Jingle Bell Run/Walk Honoree
Evansville, Indiana**

Craig Berkeley is serving his first year on the Arthritis Foundation Committee and is pleased to be the adult honoree for the 2013 Jingle Bell Run/Walk. Craig and his wife, Debbie, have been married for over 25 years and are the proud parents of three children. He serves as the Management Reporting Manager for Old National Bank.

Craig was diagnosed with Systemic Lupus in February, 2012. Arthritis symptoms can occur in people who have been diagnosed with Lupus.

“I believe that being diagnosed with Lupus does not define who I am but is merely a challenge that I have to overcome,” Craig said. “The Arthritis Foundation leads the way in helping people who live with arthritis lead more productive lives. Through public support, research and new treatments, we are working together to help restore mobility in people who live with arthritis.”

The Jingle Bell Run/Walk is a great event for Southwestern Indiana and is an opportunity to share information about arthritis and the services available to those who suffer from arthritis.

About the Arthritis Foundation

Striking one in every five adults and 300,000 children, arthritis is the nation’s leading cause of disability. The Arthritis Foundation (www.arthritis.org) is committed to raising awareness and reducing the unacceptable impact of this serious and painful disease, which can severely damage joints and rob people of living life to its fullest. The Foundation funds life-changing research that has restored mobility in patients for more than six decades; fights for health care policies that improve the lives of the millions who live with arthritis; and partners with families to provide empowering programs and information.
