

Important Parking Information for Des Moines Arthritis Walk!

Due to the construction on Fleur Drive on the viaduct between Bell Avenue and George Flagg Parkway there will be a slight detour for North bound traffic on Fleur Drive south of Grays Lake. If you will be arriving to the walk from the South we ask that you turn East (right) on to Bell Avenue which then turns into Thomas Beck Road. This will take you to a gravel parking lot just south of where the walk will be set up. Once this lot fills up we will be diverting North bound traffic West on to Bell Ave and then North on to SW 30th and eventually East on to George Flagg Pkwy. This will take you to Fleur Drive where you will be directed to the closest parking lot available. Thank you for your patience- please see map below for more information.

Vehicular Detour and Access to Gray's Lake

0 0.125 0.25 0.5 Miles
