

Meet our 2012 Canine Honoree- Lincoln Funk

Hi! My name is Lincoln. I am not a Dalmatian, although I do like to bark at fire trucks. I am a 9 year-old Llewellyn Setter. My job is to find, point and retrieve upland game birds. My job as a hunting dog has taken me to Wisconsin, Iowa, Missouri, Kansas, and of course many places within Illinois. My job involves a great deal of running. I am not very good at math, but, my owner tells me that between hunting and training, I have covered over 20,000 miles in my career. I began feeling the effects of arthritis in my knees last summer and started taking medications. Excellent veterinary care and dietary supplements have reduced my discomfort and hopefully will allow me to continue doing what I love to do for a few more years. As you can tell from my photo, arthritis can affect anyone of any age- even when they are as good looking as me. I am registered for the walk- so you can join my team or make a donation to my team L&L Barkers.

Thank-you for your support,
Lincoln the handsome Llewellyn Setter with arthritis
