

Craig Vosburgh, MD
Arthritis Walk Medical Honoree
Topeka, KS

Dr. Vosburgh received his degree in Physics from the University of North Carolina. While there he participated on the State's Under-23 Select Rugby Team. He returned to his home-state of Oklahoma to complete his medical degree and orthopedic residency at the University of Oklahoma. He extended his orthopedic expertise with fellowship training in the United Kingdom for joint replacement surgery, and in Virginia for shoulder arthroscopy and reconstruction.

He joined Tallgrass Orthopedic in 1996, and has led a number of the region's orthopedic initiatives. These include, computer aided joint replacement surgery, and MRI guided signature total knee replacement, reverse total shoulder arthroplasty and arthroscopic rotator cuff repair.

Dr. Vosburgh is married with three children; and their oldest child currently rides Varsity Equestrian at Oklahoma State University. The Arthritis Foundation is proud to honor Dr. Vosburgh as our 2012 Arthritis Walk Medical Honoree.

About the Arthritis Foundation

The Arthritis Foundation (www.arthritis.org) is committed to raising awareness and reducing the unacceptable impact of arthritis, which strikes one in every five adults and 300,000 children, and is the nation's leading cause of disability. To conquer this painful, debilitating disease, we support education, research, advocacy and other vital programs and services.
